Report Reveals Significant "Race Based Disparity," and I want it stopped! Public Safety and Livable Neighborhoods Committee: SDSU's Final Report on Police Vehicle Stop Data Cards

On November 30th, the Public Safety and Livable Neighborhoods Committee discussed the results of San Diego State University's Final Report on Police Vehicle Stop Data Cards. A few of the findings can be summarized as follows:

- **Citywide and across 2014 and 2015, Black and Hispanic drivers were more likely than White drivers to be searched following a traffic stop, and despite facing higher search rates, were less likely to be found with contraband**
- **Black, Hispanic, and API drivers were subject to field interviews at greater rates than White drivers**
- **Data from both 2014 and 2015 revealed distinct and divergent stop patterns by driver race/ethnicity in police divisions located above and below Interstate 8**
- **Citywide disparities between Black and White drivers were evident in vehicle stop data from 2014, but not 2015 or the combined 2014/2015 dataset, while no such disparities were found between Whites and either Hispanic or Asian/Pacific Islander (API) drivers in 2014 or 2015**

This report reveals and publically acknowledges what we in the Black, Hispanic, Asian and Pacific Islander communities already knew, and that is that racial profiling, "implicit/unconscious bias, ethnic disparity" or however you want to call it, does exist in San Diego. There is enough evidence of disparity to know it undermines the relationship between the police and the community which unfairly targets people of color for unpleasant interactions with the police.

To proactively address the issue raised in the report, I have reactivated the Citizens Advisory Board on Police and Community Relations and I will be requesting that they **review this report specifically to where it discusses strengthening police-community relations and asking for recommendations from community members on how these relations can be improved.**

Another way to tackle this issue is at the state level with **AB 953** which was signed into law and would require the Attorney General to establish a **Racial and Identity Profiling Advisory Board to eliminate racial profiling and improve racial sensitivity in law enforcement** and **require the SDPD to annually report their vehicle stop card data to the Attorney General.** It is essential to obtain this information immediately, so I requested that this be implemented now, instead of waiting until 2018.

I have also made requests to the San Diego Police Department to **identify how they will incorporate the report findings to their training** and **classify the potential costs of any new systems needed.** I also requested for the Mayor's office and Chief of Police to **report the actions they will be taking to implement all of the recommendations in the report** when it goes to City Council in February 2017.

Encanto Installation Service: Don E. Conley (right) passes the baton of leadership to Reverend Robert Pope (left) at the installation service of the Encanto Southern Baptist Church.

Ideas were shared and discussed at Affirmed Housing's Hilltop and Euclid Design Workshop at Horton Elementary School where community input will be taken into account for the new development.

Community Clean-Up: The San Diego Police Department's Homeless Outreach Team and Quality of Life Team cleaned up the homeless camp along Interstate 94 and Kelton Road. Thank you SDPD!

Councilmember Cole talks to reporters about the re-establishment of the Citizens Advisory Board on Police/Community Relations, a step closer to improve community oriented policing.

News You Can Use

School of Creative and Performing Arts Oil Recycling Event Results: On December 3rd, the Environmental Services Department held a special recycling event at the School of Creative and Performing Arts to collect used motor oil, oil filters, automotive batteries, antifreeze, bulbs, and general household batteries. More than 113 City residents dropped off about 4,900 pounds of recyclable household hazardous waste, including:

- Used motor oil: 250 gallons
- Auto batteries: 700 pounds bulbs
- Oil filters: 125 filters
- Household Batteries: 620 pounds
- Antifreeze: 110 gallons
- Fluorescent Bulbs: 495
